Sci Fi/Fantasy, Cooking

Education

Digital Media and IT (Web design/Development)

NAIT

2019 – 2022

Graduated from the Digital Media and IT program with a focus on web development and design, application development, content management systems, PHP/MySQL and front end development.

Apprenticeship Program (Cook)

NAIT

2009 – 2012

Successfully Completed the apprenticeship program as a journeyman/red seal cook.

Experience

Alberta's NDP

Data Analytics / Administration

2015 – 2018

Assisted the Director of Operations with filing quarterly financial reports. Maintained the party database, sanitized the database and made sure all of the data was correct. Processed monthly financial statements, kept track of donations from individual members and constituency associations. Generated lists from the database for use by party staff and constituency associations.

Junior Web Developer

Assisted the Web Developer with building and maintaining the party website through the 2015 election, the party convention website and individual profile pages for elected members.
